

BWEA Cymru's third annual event dedicated to wind, wave and tidal energy in Wales

Please note that due to unprecedented demand the exhibition has been extended into a further room, which is located on a different floor to the main conference and exhibition area. Every effort will be made to ensure that delegates move throughout both areas, for example by providing catering areas in each and via clear signage. The main exhibition area and conference will be situated in the Balmoral Suites and foyer on the ground floor of the Holland House Hotel and the second exhibition area in the Caernarfon Suite on the first floor.

Balmoral Suites and Foyer Area, Ground Floor

Caernarfon Suite, First Floor, accessed via stairs or lifts

Main Hotel entrance, reception, lobby and access to the Caernarfon Suite on the first floor via stairs or lifts
