

UK Offshore Wind Supply Chain Events

HELPING THE OFFSHORE WIND INDUSTRY **DO BUSINESS**

OFFSHORE WIND IS CREATING SOME OF THE LARGEST INFRASTRUCTURE PROJECTS IN THE WORLD. The supply chain for supporting the deployment of offshore wind is essential and needs significant enabling to deliver ambitious UK renewable energy targets.

These events will act as a 'marketplace' providing information and connections to help companies do business and get involved in offshore wind developments.

Please contact the appropriate organiser below for further details.
